# WHY PROPEL CAREER ACADEMY?

## KEEP MAKING MONEY

Propel offers training & testing schedules that are designed to help you keep working while you learn.

## STOP WASTING TIME

Propel offers on-the-job, in-field experience so you graduate with real experience in the trade you're learning.

## PROPEL YOUR CAREER & YOUR LIFE

Propel is focused on the long-term goals of our students; so they have more opportunities in the future.

## NOT YOUR AVERAGE JOB

Becoming an electrician isn't about sweating away to build something for someone else - it's about working hard to build something for yourself.

1-(888) 338-7712

Being able to see that sense of accomplishment on the student's face, that's an enjoyment for me.

**Pam Patten**
