

HEB SAN MARCOS

San Marcos, Texas

HEB turned to FSG for help with a number of remodels across their real estate portfolio.

Owner

H.E. Butt Grocery

Contract Type

Electrical Construction

Contract Amount

\$328,000

Electrical Contractor

FSG

CHALLENGE

The HEB chain of grocery stores conducted a series of remodels on locations in South Central Texas. They turned to FSG for electrical construction work during these remodels.

SOLUTION

This complete remodel was undertaken while the store was open and conducting business, and the expert and conscientious FSG teams were able to accommodate this arrangement. The scope of the project consisted of replacing all lighting systems, adding new electrical panels, and the installation of outlets in the flooring throughout the store, as well as in new and relocated shelving.
