

Backhoe Operator

Job Scope

As a Backhoe Operator, you will run heavy equipment in a construction environment – excavate and back-fill soil. Equipment may include a dozer, loader, and backhoe. The ideal candidate will be able to work well with others, operate equipment to established safety standards, and be dependable and detail-oriented.

Responsibilities

- Operates heavy equipment including but not limited to bulldozers, backhoes, loaders, end dumps, graders, scrapers, and excavators
Cuts and fills earth for building sites and roadbeds
Interprets information on grade stakes
Clears, strips, excavates, backfills, stockpiles and pushes scraper with tractor crawler
Cuts and spreads fill material with scraper
Digs holes and trenches using excavators and loaders
Works inside and outside year-round in different types of weather
Inspects equipment daily for safety and legal compliance including but not limited to tires, tracks, lights, grease, brakes, fuel, oil, and water
Adhere to all company standards and work safely
Performs other duties as assigned or required

Requirements

- High school diploma or GED
One year experience preferred in operating one or more of the following: backhoe, loader, grader, bulldozer, excavator, or scraper
Must be able to perform the physical tasks of the position as well as withstand the environmental conditions. Position requires the ability to grasp, walk, lift, carry, push, pull, climb, kneel, stoop, squat, bend, crouch, crawl, and reach in small spaces throughout the day.
Work environment can include exposure to outside weather conditions and loud noises.
Must work daily and weekend overtime as needed or assigned.
Must be able to pass a drug and background screen

As an EEO/Affirmative Action Employer all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, veteran status.
