

Foreman

Job Scope

As a Foreman you will be responsible for supervising crews involved in the installation, alteration, addition, and/or repair of electrical systems, conductors, and associated materials and equipment on any type project; or may be the primary job site supervisor on smaller construction, retrofit, or tenant finish projects. The ideal candidate has previous Foreman experience, a solid employment track record, and demonstrates integrity and reliability. We are looking for career minded candidates who are willing to learn and grow with the company.

Responsibilities

- Be responsible for all FSG Electric field trades on an electrical construction crew or project.
 - Performs a working estimate and take-off jointly with the Project Manager.
 - Lays out work for subordinate lead persons, and is jointly responsible with the Project Manager for having material, tools, equipment, information and appropriate manpower in the proper place in a timely fashion.
 - Establishes work schedules and man-loading charts.
 - Directs subordinate crew in installation of electrical feeders; equipment such as pumps, motors, and generators; control and distribution apparatus such as switch gear, relays, and circuit breaker panels; lighting fixtures and outlets; and related connections and terminations.
 - Monitors work as performed, directs subordinate crews, and schedules work according to the pace of the job and other trades.
 - May perform work being supervised for either production or instruction.
 - Handles or oversees the disposition of required office correspondence and administrative paperwork such as official forms, daily reports, time sheets/tickets, safety reports, etc.
 - Is responsible for crew or project safety performance.
 - Assures employees are properly trained or instructed in the performance of duties to which assigned.
 - Assures compliance with all FSG Electric safety processes and protocols.
 - Investigates or assists in the investigation and reporting of any accident or safety incidents involving job site employees.

Requirements

- High School Diploma or General Education Degree
- Valid Drivers License
- MUST be able to pass a drug and background screen
- Ability to multitask while staying organized
- Strong verbal and written communication skills
