

Industrial Painter

Job Scope

As an Industrial Painter, you will paint large industrial signage for commercial businesses using spray guns, airbrushes, stencils, and other equipment. The ideal candidate will have to be comfortable working in a fast-paced and high-energy environment and have knowledge of painting materials and techniques.

Responsibilities

- Determine painting requirements by studying specifications
 - Mask areas not to be painted
 - Mix components to produce the desired color according to specifications
 - Complete painting by adjusting spray guns, airbrushes, stencils, and manual equipment
 - Maintain equipment by troubleshooting malfunctions
 - Complete preventive maintenance requirements and schedules
 - Maintains safe conditions by following guidelines and procedures for handling and disposing of hazardous chemicals and waste

Requirements

- High school diploma, GED, or Associate's Degree.
 - One year related experience
 - Must be able to pass a drug and background screen
 - Ability to withstand environmental conditions of working in a warehouse
 - Ability to multi-task while staying organized.
 - Ability to work independently
 - Able to work within a changing environment and manage time

As an EEO/Affirmative Action Employer all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, veteran status.
