

Lighting Technician

Job Scope

As a Lighting Technician, you will be responsible for installing lighting products safely and neatly in customer's facilities. The ideal candidate will possess a high level of professional customer service and have a vast knowledge of lighting retrofit strategies. Additionally, there is a hiring bonus for bringing a complete crew.

Responsibilities

- Comply with FSG safety policies.
Install lighting fixtures, lamps, ballasts, controls, or other items associated with lighting systems.
Work in a safe manner so as not to damage or disturb customer's facilities.
Work from ladders, scaffolds, or roofs to install, maintain, or repair electrical wiring, equipment, or fixtures. Perform physically demanding tasks while conveying knowledge of basic/specialized tools and equipment throughout the service job/work order process.
Must understand and conform to Government/Local regulations and ordinances as well as any/all required Safety Guidelines.

Requirements

- High School Diploma or GED
At least 2-4 years of lighting and electrical experience.
Lighting and retrofit experience preferred.
Valid driver's license
Willingness to travel
Must be reliable.
Strong verbal and written communication skills
Positive customer service skills

As an EEO/Affirmative Action Employer all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, veteran status.
